20th September 2023

To: JCSP Coordinator

Re: JCSP updates

Dear JCSP Coordinator

We hope you and your colleagues are refreshed as we start this new academic year.

Oide is a new Department of Education support service for schools, formed from the integration of four existing support services, the Centre for School Leadership, Junior Cycle for Teachers, the National Induction Programme for Teachers and the Professional Development Service for Teachers.

Along with bringing together all the valuable resources, expertise, and efficient operating systems currently in place across the existing services, Oide will also be able to deploy other innovative and creative approaches to the provision of school support, and professional learning for teachers and school leaders, to meet the future needs of Ireland's primary, post-primary and special schools, and other centres for education.

Oide would like to inform you of the Junior Certificate School Programme (JCSP) professional development supports for the year along with a number of relevant updates.

Autumn 2023 Programme of Professional Development

Oide's programme of customised school support and applications system is now open for 2023/2024 at this link Schools - Oide. Your Principal can apply for up to three areas of support using the school roll number and password.

Programme Updates

We would be grateful if you could bring the following updates and resources to the attention of your colleagues. Further information on these and other areas will be provided to you throughout the year.

Collaborative Profiling excel sheet

A copy of the "JCSP COLLABORATIVE PROFILING 2023-2024 excel sheet" can be downloaded from the homepage of www.jcsp.ie. It is offered as an approach to assist Coordinators in collecting JCSP student data within their school. Initially, you will need to download it, save it to your school platform before sharing it with teachers in your school. Each sheet will be a complete record for an academic year containing three tabs, one each for 1st, 2nd and 3rd year. Subject to Coordinator feedback and any amendments to be made, a new sheet issues each.

School Based Statements

Teachers may decide to write their own school-based statements. If so, these statements must be submitted for approval to the JCSP office by email to Dorota Ruszczak, Profiling Administrator at dorota.ruszczak@oide.ie. Submissions should be made at least a term in advance of issuing the Final Student Profile.

These statements must be in line with Junior Cycle, reflect a learning outcome approach and a continuum of learning with a focus on learner progression.

Previously approved school based statements have been archived in the school year 2022/2023 and can't be used with 1st year students. Should you wish to continue using these statements with your current 2nd and 3rd years, please contact Dorota Ruszczak, Profiling Administrator by email at dorota.ruszczak@oide.ie.
